

# THE OHIO STATE UNIVERSITY

---

## COLLEGE OF VETERINARY MEDICINE

### **1<sup>st</sup> Year Orientation Overview Class of 2021 (Tentative Schedule)**

#### **Orientation-Day One**

**When:** Thursday, August 17, 2017 (**registration at 8:30 a.m.**; program runs from 9:00 a.m. – 5:00 p.m.)

Students engage with their fellow students, discover their strengths and dominant talents, learn how to put their talents to use in the workplace and at home and learn to appreciate and leverage the strengths of others through Strength's Finder sessions throughout the day.

**Sessions:** Teambuilding, getting to know your community, health & wellness as well as Strengths' finder sessions

**Where:** The Ohio State University Ohio Union, 1<sup>st</sup> Floor Performance Hall. 1739 North High Street; Columbus, OH 43210

**Who:** OSU-CVM incoming veterinary students only (no family or significant others please)

**What Should I Wear:** Comfortable clothing (preferably shorts of an *appropriate* length or pants) suitable for moderate physical activity and close-toed athletic shoes. **You will receive an Class of 2021 new student orientation which we would like everyone to wear both days for pictures.**

#### **Orientation-Day Two**

**When:** Friday, August 18, 2017 (**registration begins at 8:30 a.m.**; program runs from 9:00 a.m. – 3:00 p.m.)

**Sessions:** Academic success, Q&A with the Dean, faculty and family panels, Vet Med merchandise & resources fair as well as a health & wellness fair

**Where:** The Ohio State University College of Veterinary Medicine Medical Center, 601 Vernon L. Tharp, Columbus, Ohio 43210

**Who:** Family and significant others are encouraged to attend.

**What Should I Wear:** Comfortable clothing – please wear your Class of 2021 t-shirt.

#### **iPEP Seminar**

**When:** Monday, August 21, 2017 at 10:00 a.m. – 4:30 p.m. (time is not confirmed)

**Who:** All incoming students are required to attend.

The iPEP seminar is hosted by inter-professional education and practice. This seminar will provide students an opportunity to network and interact with professional students from the other health science colleges.
