

Service + Contributions = Making a Difference!

How employees can invest in the future of the VMC

The VMC is a non-profit organization. Financial gifts are an essential component of allowing us to continue our work. The College employs a very active Development team to fund vital programs supporting education, program growth, and clinical breakthroughs. You can make a difference right here in the Veterinary Medical Center by investing in our future. You can direct your gift to a program of your choice and can even select payroll deduction. Memorial gifts are common, and welcome. Our Grateful Client program helps fund many of our services. Currently, about 80% of donations come from our clients. Some opportunities to support your Veterinary Medical Center and the College of Veterinary Medicine include:

Good Sam Services (227487)

This fund provides veterinary care to pets when owners cannot afford veterinary care or cannot be located.

Friends of VMC (308987)

This discretionary fund benefits the VMC at large.

VMC Building Fund (311834)

This fund will be used to improve and enlarge facilities.

University Campaign

A University-wide campaign is conducted annually. Employees are encouraged to give to their choice of a wide variety of worthy programs. Both one-time and ongoing, payroll deduction gifts are welcome and appreciated. A descriptive listing of all giving opportunities University-wide is located at:

<https://www.giveto.osu.edu/igive/onlinegiving/Index.aspx>

CVM Capital Campaign

CVM is in the midst of a capital campaign with a fundraising goal of \$92 million+ by 2016. Gifts are received by annual or one-time cash or check, by payroll deduction, will bequests, stocks, trusts, or real estate donations, and as a life-insurance beneficiary.

How to Give

Those employees who missed the annual drive, or who are hired between drives, can visit

http://giveto.osu.edu/igive/onlinegiving/category/veterinary_med.aspx?num=vet_med&coll=none

Our **College Advancement Office** is located in Rm. 127 of the Veterinary Medicine Academic Building (VMAB) and can be reached by contacting Danielle Ford at ford.566@osu.edu or by dialing (614) 292-3010.
