PARTICIPATE IN ADMISSIONS
Help select the incoming class by participating in the annual fall application review process and interviews which take place weekends in January. Training is provided for all interested in participating.

EVALUATE OSCES
Volunteer DVMs are always needed to assist with the Objective Structured Clinical Examinations (OSCE), an assessment method based on a student’s performance that measures their clinical competence. Volunteers are needed for grading several times a year and receive training before exams.

GET THE SCOOP
We’re looking for five to six alumni who graduated in the last ten years to serve on a panel for students throughout the year. Several opportunities are available, and everyone is treated to ice cream at this Veterinary Medicine Alumni Society sponsored event.

DINNER FOR 12 BUCKEYES
This dinner connects Buckeyes, past and present, to create networking opportunities and build lasting relationships. Four dinners throughout the year include six students and six alumni. These dinners provide excellent opportunities to meet students and start connecting with potential new hires.
SPONSOR A WHITE COAT

The white coat is a symbol of the knowledge our students have gained during their first three years of veterinary education. The day they receive their white coat is a crucial step in their professional journey, representing their dedication to veterinary medicine and to being leaders in their communities. By sponsoring a white coat, you confirm the continuity of excellence shared by all graduates of the Ohio State College of Veterinary Medicine.

ALUMNI-STUDENT NETWORKING LUNCHEON

Held every year during homecoming weekend, this luncheon is another opportunity to mentor students and start connecting with potential new hires.

MOCK INTERVIEWS & NEGOTIATIONS

Help students prepare for the real world during these simulated sessions as part of the Professional Development Curriculum.

FALL CAREER CONNECTION FAIR

This homecoming weekend event is another great opportunity to meet students and start connecting with new hires.

OFFICE OF CAREER MANAGEMENT AND PROFESSIONAL DEVELOPMENT

The office provides several opportunities to get involved and meet students.

- Serve as a mentor by offering general advice as students explore different career paths and opportunities.
- Host students as an off-site elective or externship location.
- Recruit and hire our students by posting positions at your practice on our job board.

For more information about these opportunities, or to indicate your interest, contact CVMcareers@osu.edu.
