

## OVERVIEW

The ODHMCP is a 3-year educational program for veterinary practitioners and consultants consisting of ten (approximately one per quarter) 2-day hands-on intensive workshops. Modules will be located in Columbus. Generally, modules will begin on Thursday morning and will conclude on Friday evening. Continuing education credits will be granted on an "hour for hour" basis. Generally, 16 hours of credit per module. Additional details available at: <https://vet.osu.edu/extension/dairy-resources/odhmcp>

*For best  
WELFARE,  
integrate facilities  
and management  
(people and  
protocols) with  
COMFORT and  
HEALTH ... good  
life for animals!*

## PROGRAM MODULES

The overall program will be focused on developing a **system-in-place for modern dairy herds** of any sizes with strong emphasis **on prevention and a process of continuous improvement**. An ounce of prevention is worth a pound of cure! Prevention of diseases at the herd level requires an ongoing and constant effort with effective coordination of the whole system (animals, quality feed/water, best facility design, environment, and well-trained personnel). How to remain competitive is the "big" question, which includes knowing the consumer expectations. **Modules: Nutrition, Reproduction, Economics, Housing, Health, Welfare, Leadership, and Replacement Heifers.**

**Individual Plan:** \$6,000 (US) per participant if paid in full with registration form (\$7,000 if paid as installments). \$3,000 is due with registration form and is applied toward tuition. The balance must be paid as yearly installments of \$2,000. Refunds will only be available in extenuating circumstances, and will be handled on a per request basis.

**Practice Plan:** Allows a multiple-person practice to send different veterinarians to different modules, under the rate and terms of the Individual Plan. The certificate of completion, if earned, will be issued in the name of the practice.

**Registration deadline is June 1<sup>st</sup>, 2019.**

**For inquires or registration, please contact us.**

### PROGRAM COORDINATORS:

Gustavo M. Schuenemann, DVM, MS, PhD  
Professor & Dairy Extension Veterinarian  
[schuenemann.5@osu.edu](mailto:schuenemann.5@osu.edu)  
(614) 292-6924

Jeffrey D. Workman, PhD  
Extension Program Coordinator  
[workman.45@osu.edu](mailto:workman.45@osu.edu)  
(614) 292-9453

*The number of participants will be limited. If capacity is exceeded, veterinarians will be selected by order of application arrival. If the number of applicants is insufficient to support the program budget, OSU reserves the right to delay or withdraw the course offering.*
