

# Food Armor® Phase I & II Training

## HACCP for Proper Drug Use Workshop for Veterinary Practitioners

Veterinary Extension at Ohio State and Michigan State Universities, and the OVMA in cooperation with the Food Armor Foundation, are pleased to present a six-step plan for judicious drug use on dairy and beef cattle operations. This training program will provide the tools to develop and strengthen the drug-managing aspect of the VCPR and reduce residues in meat and milk. Topics will include:

- VCPR
- Drug list
- Protocols
- SOPs
- Records
- Veterinary oversight

Phase I: covers the “what” (knowledge)

Phase II: covers the “how” (implementation)

**Participants can attend one or both days. Phase I is required to attend Phase II.**

**Cost:** No cost, but registration is required (sponsored by USDA NIFA)

**CE:** 8 hours per day

WEDNESDAY & THURSDAY

Nov 15-16, 2017
