The 35th Annual Royal Canin and Ohio State Symposium

Topics in Canine Clinical Practice - Focus on Therapeutics
October 8 and 9, 2011

The 2011 Royal Canin / The Ohio State University Symposium will provide a practical look at many of the most common preventive and therapeutic topics affecting veterinary medicine today. Clinical experts will translate the latest diagnostic and therapeutic advancements into useful ideas that can be immediately utilized in your practice.

Cost: $395
CE Hours: 15
Registration is now available at vetmedce.osu.edu

Program Topics:

Common Oral Pathology in the Dog, Dr. Christopher Snyder
Improving Client Compliance with Dental Home Care, Dr. Christopher Snyder
Obtaining and Interpreting Canine Intraoral Radiographs, Dr. Christopher Snyder
