

Emergency and Critical Care

Clinical Trial: Immune-mediated Diseases Species: Dogs or Cats

To participate in this clinical trial a dog must:

Have a diagnosis of one of the following immune-mediated diseases:

- Immune-mediated hemolytic anemia (IMHA).
- Immune thrombocytopenic purpura (ITP).
- Addison's Disease.
- Immune-mediated polyarthritis (IMPA).

What you will receive for participating

- The study requires a small blood sample from your dog or cat to evaluate his or her genetic makeup.
- All costs associated with the blood sample are covered by the study.

Your pet could be a **Pet Hero**, too!
