

# Veterinary Medical Center Wish List

## Dermatology and Otology (Updated Oct 2020)

### **Any Amount – Educational Support**

Provides funding for educational conventions and associated travel costs, textbooks, and graduate study costs for residents, technicians and faculty.

### **\$1,000 - \$25,000 – Research Funds (Top Priority)**

Research funds for clinical studies by faculty, residents, or students. Often money is needed to do a small research project to gather enough information to apply for larger funding opportunities.

### **\$3,000 – Sponsor a Resident**

Residency programs are usually over a 3-year period and provide intense learning opportunities. Sponsor a resident by assisting with the cost of textbooks, computer and statistical software, learning aids, and continuing education events. This gives our residents the opportunity to learn the latest information and to present the results of their research at national meetings and short courses.

### **\$29,000 – Portable Otoscope**

A video otoscope, which will allow for examinations of patients in front of the owner and be used for instruction of senior students on the use of the video otoscope in clinics and labs.

### **\$60,000 – Bioquell Decontamination Technology (Top Priority)**

To ensure our patients, faculty, staff and students are protected and working / receiving treatment in a clean environment, this piece of equipment will help fight against antibiotic resistance and infectious diseases. See picture below.
